WEDNESDAY, SEPTEMBER 23, 1863.

EDITOR'S TABLE.

We have not heard what measures the Provincial or National Government took, to prevent the alleged expedition of infantry and artillery, from this port, on last Saturday, to old Flores. The local papers say nothing: we must therefore suppose it involved no breach of neutrality so solemnly pledged by the Argentine Executive, and which no upright citizen calls in doubt (?).

It is gratifying to note that our Western frontier is about to be extended. Gualeguay has having ordered a new town to be built at Tres Tres Ingunas, a line of forts being placed some seven leagues further out. If these limits be well guarded, we expect shortly to see a large Irish movement westward.

Relative to the late Mr. Jeanne's property, we understand that it was a misconception on our part to suppose an extra duty was levied on intestate estates; and the family will succeed to the full enjoyment of goods and chattels.

Our French colleague has some secrets, and we think unmerited strictures on *N. Lelong*. This gentleman seeks the honor of French citizenship, and it is little generous of 'Le Progres' to strip him thereof. After all it matters little, and still less in a new country, in what quarter of creation a man may have seen the light. We are decidedly cosmopolitan in our ideas, not knowing well what countrymen was Adam.

The 'Nacional' has a paragraph on our friend Mr. Maxwell of the Commercial Rooms, by an individual named Nuñez, a penny-a-liner of that paper, who accuses him of attempting to bribe politicians into his establishment. Mr. Maxwell is one of those few men who have everyone's good word, but he has received a lesson how dangerous it is even to converse with one of the *Nacional* "gentlemen." In future Sr. Nuñez will preclude the idea that the readers of all political tendencies may attend with confidence, without fear of a special report at their offices.

The German Concert comes off to night, and we learn the attendance will be select, and graced with a galaxy of beauty. By some mistake we understood only bachelors were to be admitted, a statement happily rectified in yesterday's impression.

The Biche is now 46 days out, having left Liverpool August 8th, and fears are begun to be entertained respecting her. Some say her machinery being out of gallery, some say winds may have caused the delay. Perhaps the French mail will clear up the mystery on Sunday next.

Recent disclosures concerning the failure of M. Boutinet are very disgraceful, showing at once little prudence on the part of our commercial body and great foresight on that of the fugitive bankrupt, who was in business only about two years, and contracted liabilities to the amount of four millions.

The police report constantly justifies the brutal assault mentioned last week, as committed by a vigilante on a prisoner. The latter was unarmed but on the simple assertion of the former that he was seeking to escape a meed of praise is passed for the officer's having cut open his head with a sabre. Good God! are we living in the kingdom of Belgium, or in an unenlightened republic? The poor fellow

ad departed from the army; he is out, owner, unable to do mortally wounded, nor is the vigilante under arrest.

During the past month we have noticed that a number of our countrymen, with small capitals of £500 to £9000 sterling each, have arrived here, bent on sheep-farming. Also, the several letters for £5 or £10 that have been taken by servants and others, who wish to relieve or bring to the their distressed friends in Ireland. The Emigration Commissioners expect that Irishmen in the United States, transmitted no less than twelve million pounds sterling, in a period of four successive years, to their friends at home.

The Raymond sailed from Dublin on the 8th August, with nearly 200 passengers; that was detained in the bay up to the 10th. The clergyman on board is from Waterford. We have not heard his name. Capt. Woolaghan has been superseded by the mate. As she will probably arrive here by the middle of October, these new passengers will be just in time for most of the shearing.

President Mitre has refused to accept Dr. Sarsfield's resignation of the Finance portfolio, yet on the latter positively declines to stand another bull-baiting in Congress, it is likely some one must take his place. Sr. Gorostiaga has had experience in the office, and possesses the bump of statistics, so that we expect he will be nominated.

Governor Lagrana and Snr. Mendez are labouring strenuously to get up a cotton fever in Corrientes, giving land, seed, &c. grats. We have presented them with a dozen pamphlets in Spanish for circulation, on the method of cultivation. Only one lady applied, yesterday, for this treatise, according to information. It was very shabby to make any thing of such a trifle.

We owe an act of duty to the Customs. The Visto has reduced the valuation on our paper from 3.25 to 2.50 per kilo, which is a serious figure. There are some people who grow wonderfully polite after a 'blowing-up,' and the Aduana folks are of the number.

The performance in benefit of the Torres family was, we learn, well attended and played. A band was stationed outside the theatre as at fair booths, to attract the vulgar, and this dodge succeeded. Our sympathies were with the much-abused Sisto Fernandez and his £15,000. Which reminds us Torres now intends to pay him out on Sunday night's proceeds.

Yesterday town was rife with alarming rumours, proceeding from the Minister of Foreign Affairs. Some said that he had taken the Chair of Finance, being as much disgusted with the Ex-Minister as Dr. Sarsfield is with the rest of the deputies. We believe there is no truth in the story, but there is a current report now to the effect that we the Minister has become photography-mad. We have been astounded at this intelligence, and believe it must be a mistake. We hope it is a mistake, and that Paloueque is alive, the Mosquito army at Las Piedras, and Flores fit for a Rhine.

Col. Vallese learns in a march to the Tres Lagunas at the end of the month, which we believe is a frontier post at the Bragado.

PARLIAMENTARY REPORT.

The senators met on Monday, apparently in the very best of humour, and after chatting a little about the Flores' news, set about business. The first measure on the list was—"The Organization of the National Public Credit.'

Sr. Gonsalez supported the measure. It was at once put to the vote, and approved of in general. It was then taken up in detail. The senator offered some observations respecting the various articles, some of which had been altered, at the instigation of Dr. Alsina. The project was approved of as for as article 30. The committee would have suppressed the last article of the project, by which holders of these bonds could demand that they be made payable in 'London' he (the senator), therefore, called upon the committee to consider this measure. The committee were of opinion that the consideration of this article should be postponed.

The Minister insisted upon the project as highly beneficial to the country, and gave his views on the matter in a speech of considerable length. When he concluded the house rose, as it was rather late.

Then came the Deputies.

Sr. Castro presiding.

The following project was introduced :—

ART. 1. Let there be allowed to the widow and sons of General Dn. John Lavalle, for account of salaries due and in payment of his services, the sum of ten thousand silver dollars, which shall be paid out of the National Avenue.

ART. 2. This concession shall in no manner interfere with the military pension which belongs to the widow.

Sr. Urquhart called the attention of the house to the necessity of economising, in some manner, the family of this dear and offic r.

Sr. Cabral and Gorostiago supported the measure.

Sr. Gorostiago stated that the Argentine General, Dn. Juan Lavalle, had suffered the torture of the Republic during the barbarous tyranny, which dominated from Buenos Ayres to Jujuy. This project reminds us of a sacred duty, and will support it with all my heart. It was put to the vote and carried : 23 against 4. The discussion was then adjourned to Monday, Orono, and Igarzabal. The Budget was then taken up, amidst a general tittering in the gallery.

THE MINISTERIAL CRISIS.

It is said that the President has refused to accept Dr. Sarsfield's resignation, and that the minister peremptorily refuses to act any longer. Several parties are spoken of as his successor. Drs. Alsina and Tejedor, were added on to the list yesterday. In the meantime, and in order to keep the Government machinery in motion, Dr. Elizalde has been called on to act, the office of Foreign Affairs being temporarily closed, and Dr. Rawson acting for Dr. Rufino, pro. *tem.*

But this state of things cannot last long, the Congress will be soon closed, and several matters of the most urgent importance have to be despatched. The great legislative bugaw—the national debt question—has to be settled. A sound, practical man must, therefore, be appointed.

We regret to say that it is the conviction of a great many, that if Congress shuts without settling the national debt question, a revolution is inevitable. Many of our readers may not be aware of the present feeling in the provinces elsewhere. It is not without reason that the Governor of Santa Fe is now in Rosario, and the troops are kept under arms in Cordova, in consequence of discontent exists on this subject. We hope the Government will adopt proper measures to counteract this feeling.

The greatest opposition is made to the only good measure as yet, Dr. Sarsfield's name is attached, namely, the 31st article of the bill for the organization of the national debt. The only motive for this opposition is to injure the unfortunate "Provincianos." Five days to-day, the "Tribuna" is the only organ of the clique whose sole object is to plunge the country again into a civil war. Nothing can be more disgusting and degrading absurdities to put forward in opposition to this measure, and yet, notwithstanding all this, we learn that this Bill article will be struck out. This is the invented article party spirit so blinds this poor country that no matter how intrinsically good a measure or project may be, so long as it bears the stamp of a particular color, it must necessarily be exploded.

Our late Finance Minister introduced measures, upon which he should have been satisfied, without a word of debate, and yet respecting which hardly even a discussion took place in the house, of an insignificant nature, whilst on a matter of the most insignificant subject. These facts are so glaring that now the President of the Republic is willing to allow himself to be treated with contempt, a couple of his creatures to be put in the house, a single person to act, as no man who occupies the position of Finance Minister

PAWN OFFICE.—A new military pawn office is about to be started in this city. Advances made upon any description of military property at a reasonable rate. It is against the rules of the establishment to advance anything upon pledges of military honor.

VILLA-MERCEDES.—Applicati has been made to the Government t buy shoes and clothes for the soldiers and policemen of that town, and stated We understand that these pupil characters may be seen running about the town destitute even of the common apparel of a gaucho, and with a sword buckled up to their shins. Boots and shoes have long since been regarded as unnecessary, and hats are now getting out of fashion. One of our colleagues states the truth when he says that these fellows are worse dressed than even the soldiers of Flores or the Chichos.

WANTED—A smart, active, trustworthy young man, to keep the accounts of an extensive Argentine business. None need apply save those well recommended, and of a good temper and pleasing address. Applicant must be willing to run of messages, slow to take umbi, and prepared to make himself generally useful Salary good, with perquisites. Apply at the National Government House, between the hours of ten and four.

PROVINCIAL NEWS.—The steamer from Rosario is due to-day. There is a great anxiety to hear the news from the Provinces, as there is a rather unpleasant rumour current about the Chacho and barranca.

ENGLISH SCHOOL.—We call our readers' attention to Mr. Froggett's English Seminary at Belgrano. It is a fine airy establishment. The terms are exceedingly moderate, and we are happy to say his number of boarders is increasing daily.

FIRE INSURANCE CO.—Two new Insurance agencies have been opened in this city, one at Messrs. Harbour, Parsley and Co's, and the other at Best Brothers'. They are both good English Companies, and deserving of support.

SINA SINA SEED.—Any party having this seed for sale will please call at the Standard office, where a purchaser will be found.

THE ROADS AND BRIDGES—We learn that an English house is about to offer to the tune of a million sterling for the repairing of roads and bridges on a contract.

GENERAL PAUNERO.—Our evening colleague attacks this Argentine officer most unmercifully, and throws all the blame of the present disturbed state of the provinces on his shoulders. We may remark that Paunero is the best man the National Government has in the interior, and it is every way unfair to make such scandalous attacks on him behind his back.

ENGLISH CONSULATE—Some of our subscribers request us to call attention to the conduct of Mr. Parish, in opening his office on Sunday to receive letters, &c. Although not coinciding with our straight-laced friends, we call attention to the matter to oblige them. In like the Consulates will always open for a couple of hours on Sunday, and as the Consul here acts as his own clerk, agent, &c. we suppose he must act according to the Consular regulations.

THE SAVINGS' BANK.—The Mesa Savings' Bank will be opened on the 1st October. We believe this branch will, for the convenience of the residents, be opened in the Boca or Barracas.

ANDREW WILLIAMS.—We perceive a notice in the native papers calling upon the heirs or their representatives to appear before the 5th Oct., 1860. Although the judge who signs the notice has not thought proper to order the publication of it in the "Standard," conceiving that it may interest some of our subscribers, we publish it, as we believe there is a large amount of property awaiting the proper owner.

DISCOVERY OF THE DAY

The Sheep-Farmers and the Public in general.

F. C. Calvert's Phenyline & Thorebane's Sheep Salves

The great reputation these specifics have gained in Europe, and more particularly in Australia, where all other where they have been applied, has induced the proprietors to send some to this city, for the benefit of the immense sheep farming interest of the country. Their extraordinary efficacy in the cure of the scab, and all cutaneous diseases to which sheep are subject, as well as in the preservation of the sheep, &c, so frequently happens, the difficulty is to get them sufficiently known to be perfectly sound and exact. The facility made of their use, is also another to be superior to every respect.

SAVING BANK.

BANK MUÑA & Co.

N. 103 calle Cangallo,—

The immense advantages of *Account Current* are now so generally felt, and appreciated in the two great emporiums of the River Plate—Montevideo & Buenos Ayres—that there are very few Merchants who fail to keep one at the Bank in which they place the most confidence.

The Bank of Muñé & Co. in Montevideo has already provided for the working class in that city, a safe & profitable depository for their savings.

The sums deposited in that most important institution are daily increasing and already reach a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of Clerks, artisans, workingmen & servants of all classes & conditions who are equally interested in putting their savings out at interest thus providing themselves with a reserve *fund* in case of *need, sickness* or *old age*, instead of spending them in the immoral gambling, in lotteries and other frivolities.

The Bank of Muñé and Co. of this city following the example of their firm in Montevideo now offer the same facilities in this city and will open on the 1st October a 'Savings Bank' at No. 103 calle Cangallo from 9 a. m. to 3 p. m. on week days; and on Sundays and holidays from 10 a.m. to 12 m for the reception of the savings of the classes already mentioned.

The Bank will deliver to each depositor a Pass Book in which will be entered the amount deposited and withdrawn.

The depositor is permitted *at any time* to withdraw the *whole or part* of the sum deposited, in the former case the interest will be calculated up to date.

The Bank of Muñé and Co is sufficiently known to the public by the humble depositors of them the course of its operations which are regulated on the strictest and soundest principles and which deserve & record to promote the general welfare.

The Bank or Muñé and Co. are also persuaded that this new branch of their business will render immense service to the working classes of Buenos Ayres and its neighbourhood.
